RJ Awareness Training

RJ Awareness training sessions have now been delivered to colleagues from a wide range of partner agencies, including; Probation, Turning Point, Victim Support and Carbrej Housing. We have received very good feedback from the delegates who attended. With staff time and resources limited why not ask Restorative Gloucestershire to deliver this short awareness training session for staff in your organisations? The aim of this course is to give staff a very brief overview of what RJ is, what cases are suitable and how to refer in. Restorative Gloucestershire has created an awareness booklet to complement this course. The booklet will be given to those attending. There is also room on the back of the booklet for the names and contact details of local Point of Contact or champions.

RJ Level 1 Foundation Training

Restorative Gloucestershire can provide a one day course which is designed to teach the basic skills needed for instant resolution where restorative skills are used to resolve issues.

RJ Level 2 Practitioner Training

Restorative Gloucestershire can provide a three day course which is designed to provide the skills necessary to start facilitating face to face restorative conferences. After the successful completion of this course delegates will be able to use their skills to tackle more serious or persistent problems and be able to seek long term solutions.

RJ Level 2 Refresher Training

Restorative Gloucestershire now offers a one day course which is designed to provide refresher training. This is aimed for those who have previously completed the practitioner training but have not used their skills during the last 12 months.

RJ Awareness for Managers & Supervisors

Restorative Gloucestershire can now provide a one day course that has been designed to give managers and supervisors a basic understanding of restorative justice, what their staff will be doing and how to support their staff during and after the facilitation process.
